GOVERNANCE | RISK MANAGEMENT | COMPLIANCE

DEAR READER,

well into the first year of Project implementation we welcome you to this newsletter. As you will be able to see we had a very active start within GRCEssentials project and we are working hard also in these cold winter months.

The project officially started on **1 October 2019** and will end on **30 September 2021.** The project **led by PCX Computers and Information Systems Ltd.** from Cyprus.

The main objective of the **"GRCEssentials"** project, is to amalgamate and adapt the concepts of **Governance, Risk management and Compliance (GRC),** into a **concept that will be easy for SMEs and microenterprises to implement in their business and work environment.**

During the **kick-off project meeting** which was held in Sofia, Bulgaria, on 24th and 25th of October 2019.

European Inspection & Certification Company- EUROCERT S.A.

GRC essentials

GOVERNANCE | RISK MANAGEMENT | COMPLIANCE

Target groups of the project are: **SMEs, Employees** in SMEs, **VET providers/trainers/consultants, Business associations, local/regional/national** and **EU-wide networks, chambers of commerce and industry, policy & decision makers.**

Main impact of GRCEssentials will result in **measurable improvements in the performance of enterprises.** It will make **SMEs 'efficient, effective and resilitent',** and **more competitive as well as sustainable** by equipping them with **knowledge, employable skills and tools** related to GRC.

Untill next time, keep safe, GRCEssentials team!
